

February 21, 1996 LB 1001, 1035

SENATOR CROSBY: Senator Kristensen.

SENATOR KRISTENSEN: Thank you, Madam President. Members of the Legislature, LB 1035 is a piece of legislation that's designed to clarify and make clear what our intentions were and to avoid any ambiguities. The issue is this, what is the definition of a motor vehicle dealer. And this legislation is designed to make sure that that definition does not include leasing companies, banks, or credit unions, quite simply, and the reason that you don't want to have those is because if they're defined and there was some question as to whether a leasing company was a motor vehicle dealer, most of those people merely provide the vehicle, or the banks, for example, just hold the paper. You don't want to have them come under the requirements of having service bays or, oh, let's see, what are some other ones, getting a license and so on to be a motor vehicle dealer, a variety of other things, matters to clarify that we don't want those people to be in that definition. And I would be happy to answer any questions. Thank you.

SENATOR KRISTENSEN: I'd waive closing. Thank you, Madam President.
